

Process belt expertise in demand

GKD: Filter belts with early warning system become trade fair highlight

WORLD WIDE WEAVE

Picture 1: The belt type 1003, developed by GKD, has become synonymous with efficient dewatering.

Picture 2: An early warning system integrated into the filter belt makes it possible to detect wear early on.

Picture 1-4 © GKD

Picture 3: The new spiral belts from GKD attracted a great deal of interest among those visiting the fair.

Picture 4: The FDA certification of the synthetic belts with PAD seam underlines GKD's leading role as a solution provider.
