

WORLD WIDE WEAVE

Premium vendor relies on combined expertise

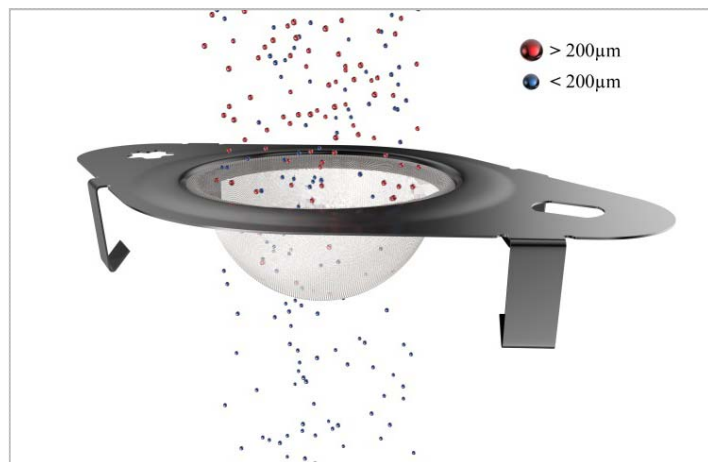

LP EGR filters for six-cylinder diesel engines as a joint product by GKD and ElringKlinger

Picture 1: Special gasket and filter media of Volumetric Mesh by GKD in single component.

Picture 2: The LP EGR gasket as ready-to-install component with two key functions: Sealing and filtering.

Picture 3: The constructed component filtered reliably out all particles above the size of 200 µm before the EGR low pressure loop.

Picture 4: The integrated sealing solution by ElringKlinger and GKD in a specific situation of installation.
